TOWN AND DISTRICT NEWS

A. G. Holland was a business visitor in Alta on Tuesday and Wednesday of this week.

E. A. Betts, who has been in charge of the Security Elevator for the past four months, left last Saturday for Calgary, and from there to Brooks, Alta. The elevator here has been closed for the season. About twenty thousand bushels of grain was handled this year, which is a fair record, considering the amount of stock raised in this neighborhood.

Don't fail to attend the meeting next Monday evening in the school house to discuss fire protection. It's a live topic and one everybody should be deeply interested in.

W. C. Gardiner, secretary-treasurer of Mirror, was in Edmonton last Wednesday for the purpose of getting the village tax enforcement returns audited. The firm of Nash, Sornas & Jefferson are performing the task.

The bible class of the Methodist church, Mirror, will hold their regular meeting next Sunday, Feb. 8, at 3 p.m. R. L. Pretty will give the address.

An effort will be made to open the public school a little earlier in the mornings, commencing the 2nd of March. At present the opening hour is 9.30, and this will be changed to 9.00 a.m.

A. Dunkelmann was a Bashaw visitor on Monday.

In the Alberta Gazette the name of W. J. Good appears as a commissioner for taking affidavits.

Mr. Stallenp, of Des Moines, Iowa, grand master of ceremonies of the American Yeomen will deliver an address to the brotherhood in Mirror, on Monday evening, Feb. 9th. The meeting will be an open one, and refreshments will be served during the evening.

Some dissatisfaction was expressed week before last by the hog shippers at Mirror owing to the delay in receiving a car to ship stock. It seems that an order had been placed with the G. T. P. for two stock cars, eight days prior to day of shipment. As the shipper counted on getting the cars, farmers were notified to bring their hogs in to the yards at the track on a Wednesday. However no car was forthcoming and the animals were forced to stay in the open during a bitterly cold night, without protection of any kind whatsoever. The shippers have made a strenuous kick about the con-

ditions of the fences, yards, &c., now existing and state that if the G. T. P. are going to hold the trade, it is essential that they do something towards improving conditions at the yards, and also in the way of service on the road. Besides being a money loss to the shippers, there is also the humane side of the question to consider.

W. J. Vernon, who has been a partner in the butcher business of Beamish & Co., Mirror, for some time has severed his connection with that firm, and the business will be conducted by W. M. Beamish. The many friends of "Bill" will be glad to know that he will remain here for a time at least.

Clyde Pitman leaves on Monday for Bashaw, where he will run the tinsorial parlors in that burg.

Frank Talloch and Hugh Stevenson were visitors at the Johnston ranch near Erskine for several days this week.

A. G. Suggett had the misfortune to have his right foot frozen last Monday afternoon while playing hockey. Playing hockey when the thermometer registers 20 below requires some stamina on the part of the players. Several other members of the team were frost-bitten the same day.

W. C. McCormack returned from his R. C. trip last Tuesday afternoon and states that conditions in Mirror are just as good as ever. He says that he visited during his journey.

Mark Whitecotton, of Lacombe, Alta., is visiting with his sister, Mrs. T. R. McCormack.

Two cars of hogs were shipped from Mirror last Wednesday. Beamish & Co. were the shippers.

Owing to the very cold weather last Wednesday the hockey match scheduled between Bashaw and Mirror on the latter's ice was postponed to Monday, Feb. 9th at 3 p.m. The rink is just south of the G. T. P. depot. Take in the match if you want to see a whirl-wind exhibition.

Twenty-one cars of hogs were shipped from the Telford Calgary line of the G. T. P. to Edmonton this week. Who said hard times?

The union employees at the G. T. P. Mirror, gave an oyster supper to a number of their friends last Wednesday evening in Kehoe's restaurant.

Mrs. H. H. Hall and Mrs. H. G. Finch, of Alfy, visited Mrs. A. G. Holland last Saturday afternoon.

A. Thomas & Son have installed a lock box system in the post-office, that presents an improved appearance over the old, and one that is appreciated by the public.

Speculation has been rife for the past day or so, as to who is erecting the "skyscraper" going up on Carroll avenue north. We don't report it—H. P. O'Grady is the prime instigator of this stupendous undertaking. We have it on good authority that a high-class Scottish decorator will have charge of the interior appointments, and that these will depict animal life exclusively. Members of the "Owl," a local organization for the prevention of somnolence, are looking forward to a sumptuous spread when H. P. is properly settled in his domiciliary edifice.

VILLAGE SEC.-TREAS. APPOINTED

The regular monthly meeting of the Village Council was held in the school house last Monday evening, Feb. 2nd; present, Councillors McCorkell, Rymner and Neils.

The following accounts were ordered to be paid:

Duitman & Johnson.....\$3 50
Mirror Journal.....1 50
Express on stationery.....1 05
Express on hydrant caps.....1 45
Young & Kennedy.....3 20

The council will issue a cheque to Drummond & McGill, for hydrants, according to their letter of Jan. 21. It was also decided to ship the hydrants received from the above firm to Camrose, to replace the two secured from them last fall.

The taxes due Mirror School District No. 492, up to Jan. 15, last, amounting to \$1655.80, will be paid over.

After some discussion it was arranged that a meeting of the citizens be called for next Monday evening, Feb. 9th, at 8 o'clock, to discuss the advisability of getting additional fire protection for the village.

The appointment of an auditor was left over for further consideration.

The chairman and secretary-treasurer were authorized to sign all cheques, notes, &c., for the village.

The village will also invest in a typewriter.

The Council then adjourned and the same body met in joint session with the School Board, all members being present, viz., McCormack, Phelps and Pringle.

The question of appointing a secretary-treasurer for the

village was discussed at length, those applicants having made application for the position, W. C. Gardiner who has been acting in that capacity for the past six months was re-engaged at a salary of \$800 per year, on the understanding that the School Board pay half the amount, and also a like proportion of the office expenditures.

The meeting then adjourned and the trustees convened at a School Board and placed on record their assent to the proposal of the Council.

In future all Council meetings will take place in the "City Hall" on Frances avenue, south.

The meeting adjourned.

FARMERS! ATTENTION

Don't put off until the last minute to get things ready for spring work, places over the list below and check up what you want.

Doubletrees	Shafts	Bolts	Machin Oil
Whiffletrees	Crossbars	Nuts	Gasoline "
Neckrocks	Pole Circles	Washers	Steam Cyl.
Tongues	Spokes	Clavies	Belt Dressing
Reaches	Rims	Clips	Gasoline
Asles	End Gates	Pole Caps	Coal Oil

Hardwood lumber, Plow Beams and Handles. If you don't see what you want ask for it; we have it if it is in our line.

PARCEL POST ON FEB. 10

The parcel post for Canada will become a reality and on Feb. 10, the system will be put into force. The following is an outline of the rates, &c. that will prevail.

Every postoffice will be the center of a local zone, and with in 20 mile radius a special rate lower than the provincial rates will apply.

Rates which will prevail with in this local zone of 20 miles are: One pound, five cents; two pounds, six cents; three pounds, seven cents; four pounds, eight cents; five pounds, ten cents; six pounds, twelve cents.

For the first three months, February, March and April, nothing over six pounds will be accepted. This is to avoid being swamped with business in the beginning. After that up to eleven pounds will be carried, and the rates will be: seven pounds, fourteen cents; and two cents for each additional pound until the maximum of eleven pounds at twenty-two cents is reached.

The chief difficulty in a way of a parcels post so far has been the railways who have been receiving about \$2,000,000 a year for carrying the mails. The roads say that they have been carrying the mails at a loss and took advantage of the proposal to establish parcel post to force the issue, and ask not less than \$6,000,000. An agreement whereby they accept less than \$1,000,000 annually in lieu of both their \$1,000,000 claim and the amount they were asking for parcels post has been arranged. This will make total now paid for carriage of every kind a little less than \$3,000,000.

If a flat rate were fixed that would not entail too great a loss to the department in carrying parcels from one end of the Dominion to the other or even from the center provinces to the extreme east or west, the rate would be too high for comparatively short distances, or even between cities within the same province and the only practical plan appeared to be the zone system under which the rates are graduated according to the distance a parcel will have to be carried.

On account of the geographical position of the provinces and their being approximately the same size when the three maritime provinces are considered as one it was found that the provincial boundaries would be the most convenient to adopt as the limits of the zones, and, consequently, the rates were fixed by provinces.

This makes the system very simple, much easier to follow than the zone system based upon mileage alone.

This is to give local merchants an advantage within their own neighborhood and also farmers and gardeners who can use the mails for sending produce to their local markets at a low rate. A parcel of 11 pounds can be sent 20 miles for two cents a pound, and thus give the farmer a decided advantage in marketing eggs and other perishable matter; it will also give a decided advantage to the country merchant over the departmental stores. The former can send out goods in parcels up to 11 pounds to his customers at two cents a pound, while if the same goods were ordered from a departmental store or any other business concern more than 20 miles distant it would cost over five cents a pound for postage.

MIRROR, ALTA., FEB. 6, 1914

TEST YOUR SEED GRAIN

Now is the time for farmers to
consider the question of a
good seed grain supply for the
coming spring.

The greater part of the grain
in the west was harvested under
ideal conditions last fall and
little difficulty should be
met with in getting seed of
strong vitality. Notwithstanding
this there are some individ-
uals, and even sections of
the western provinces that
were not so fortunate at har-
vest time, and now have seed
of doubtful vitality in their
granaries for the spring seed-
ing.

Seed of strong vitality makes
a good start, helps to keep
down the weeds, and finally
gives the big yield; while seed
of poor vitality is a sure loss.
Therefore every farmer who
suspects the vitality of his seed
should send a sample to the
Dominion Seed Laboratory at
Calgary, for a germination
test. In order that the report
of this test may be of greatest
value to the seed grower, prepa-
ratory to sending the sample he
should first clean his seed as for seed-
ing.

Too often seed that is badly
contaminated with weed seeds
is sown. Every year the pro-
portion of western wheat and
oats which contain wild oats is
increasing. Such grain must
take a lower grade because no
satisfactory method of separat-
ing it has been devised. Samples
of flax containing 15% of weed
seeds are only too common; this
amounts to approximately
200 bushels of waste per acre.

When the cost of threshing
handing and freight on this
useless material is added to the
loss occasioned by the injury to
the growing crop, the profit per
acre is very materially lessened.

Flax is the most badly con-
taminated seed which the farmer
sows, and since it is usually
sown on new breaking, his land
is practically ruined at the
start. Farmers who have clean
farms, or farms free from the
most troublesome weeds—wild
oats, stinkweed, false flax, bull
mustard, wild mustard, tumb-
ling mustard, etc., should be
very careful to sow only clean
seed.

The seed laboratory at Cal-
gary is at the disposal of the
farmers of the province, and it
is hoped that they will make
use of it in their efforts to ob-
tain a pure seed supply.

In former years most of the
samples have come in to be

tested in March and April, over-
taxing the capacity of the labo-
ratory and some times causing a
delay in reporting on the
samples. It is therefore urged
that the samples be sent in as
early as possible to avoid this
delay and to enable the farmer
to replace his seed who thereby
finds it unfit for use.

PRICE OF MEAT ON THE INCREASE

Ottawa, Jan. 26.—Statistics
compiled by the labor depart-
ment was the price movement
on articles of general consump-
tion in Canada during 1913.
show that the most noticeable
upward movement was in the
prices for animals and meats.
The department's group index
number, including the average
prices for this class rose from
107.5 in January to 185.9 in De-
cember.

Dairy products also reached
the very high level of 182 in
December, as compared with
161 in January five years
ago. Furs showed an import decline
as a group, the percentage fall-
ing from 358 in January to
247.0 in the last three months of
the year.

The sharp decline in furs off-
set the higher levels in animal
products and dairy products
in keeping down the general
index number, indicating the
average price for all commodi-
ties entering into the cost of
living. For the month of De-
cember the general index
number was 136.9, as compared
with 136.3 in December, 1913,
and 136.4 in November, 1913.
In miscellaneous groceries, the
general level throughout the
year was 2 points lower than
during 1912. In textiles the
level was higher at the end of
the year than at the beginning.
Group index number stood at
120.3 in December, as compared
with 127.8 in January and 114.7
in January, 1912.

This Stomach Remedy Helps Your Friends

Almost every day some grateful
person comes into our store and tells
us of benefits received from the use of
Beech's Dyspepsia Tablets. Knowing
how much good they have done others
and knowing what they are made of,
we feel sure they will help you. So
great our faith in them that we
urge you to try them entirely at our
risk with our personal promise that if
they don't do all you expect them to
do and make your stomach comfort-
able and healthy and your digestion
easy, we'll hand back your money.

We could endorse anything any
more strongly than we do Beech's Dys-
pepsia Tablets. Containing Pepsin
and Bismuth, two of the greatest dig-
estive aids known to medical science,
they soothe the stomach, check con-
stipation and distress, promote a natural
flow of the gastric juice, and help re-
gulate the bowels. Remember, if
they don't make your digestion as
easy and comfortable as you can
eat whatever you like whenever you
like, we want you to come back and
tell us and get your money. Sold
only at the more than 7,000 Retail
Stores, and in this town, only at our
store. Three sizes, 25c, 50c and \$1.00.
Suggitt Bros., Mirror, Alta.

WHY not give your lad the same training?

"When I was a growing lad, and came
many many words in my mind that
I did not understand, my mother, in-
stead of giving me the definition which
I applied to her, uniformly sent me to
the dictionary to learn it, and in this
way I gradually learned many things
—the meaning of the individual
word in common—among other things.
Now in a dictionary, and the ease and
pleasure and advantage there might
be in the use of the dictionary.
Afterwards, when I went to the village
school, my chief difficulty, after les-
sons were learned, and before they
were recited, was to furnish ever the
mean of the 'Unfamiliar' of those
days. Now the most modern Un-
familiar, the NEW BROADWAY ALPHABET,
gives me a pleasure of the same sort.
So far as my knowledge extends, it is
at present the best of the one-volume
dictionaries, and quite sufficient for
all ordinary uses. Even those who
possess the splendid dictionaries in
several volumes will find it a great
convenience to have this, which is so
compact, so full, and so trustworthy
as to leave, in most cases, little to be
desired."—Albert R. Cook, Ph.D., LL.D.,
Professor of the English Language and
Literature, Yale Univ. April 24, 1913.

BASHAW BUDGET

A hockey match between Mirror and Bashaw drew quite a crowd today (Thursday) the boys from the other side of the lake taking the winning points. We were pleased to see such a good turnout of supporters accompanying the Mirror team.

An ice carnival was held on the rink the same evening, the merchants having tendered suitable prizes to be competed for. The prize winners were: Comic costume—Judy, J. Cummings; fat man, H. C. McCordach, Mirror; most original—squaw, Miss M. Woods; G. Foster; best skater in costume, Mrs. W. F. Wright; O. Johnston; best girl's costume, Miss M. Steers. The judges were Messrs. Loane, Grant and Bailey.

The dance in the evening was a fitting climax to the day's proceedings and drew a bumper house, as the whole day's sport was for a good purpose, viz., replenishing the coffers of the Athletic Association.

A quiet wedding was enacted in Bashaw on Tuesday last, the contracting parties being Mr. Stubbs and Miss Wilson, of Bashaw. May their joys be many and sorrows few.

Dr. W. E. Fraser, has sold his practice to Dr. Curtis, of Fitzhugh, Alta.

A meeting of the Bashaw and District and Buffalo Lake Board of Trade was held on Thursday, January 26th, for the purpose of the re-election of officers and other business, but at the meeting it was pointed out by the secretary that there must be some misunderstanding, as the annual meeting was due March 23rd next. It appears that a number of members had a grievance which was becoming

burdensome to them, and although every opportunity was given them to express themselves, they remained muter than the proverbial dying duck.

It is as well to state that out of 42 members who signed the membership roll only 14 came through with the necessary commodity which goes to make the wheels run readily. Six of these paid up members were present at the above meeting, and on the question being put to the meeting, whether or not a member had the right to vote until his subscription had been paid, four of these members didn't vote but the other two, with five non paid up members voted for the right to vote paid up or not. The chairman expressing himself that this apparently being the view of the meeting and the secretary having previously read the minutes of the last meeting, quite thirty-five minutes remained perfectly silent, and could find no mover or anyone to discuss the same, until Mr. Windsor, who was a late arrival asked for them to be read again and finding them perfectly to the point, he proposed and J. Jackshaw seconded, that they be passed as read. This being carried by the exception of a dissent from one member. It was then moved and seconded that all defaulters of subscriptions should receive 30 days to pay up their promised subscriptions.

H. J. Rayner then proposed and was seconded that the Bashaw and District and Buffalo Lake Board of Trade be dissolved and that a new Board be elected and styled The Bashaw Board of Trade.

An amendment by Mr. Windsor, seconded by J. Jackshaw, that the annual meeting of the present Board be held on March 27th next. This amendment being lost on a show of

hands. It was then proposed and carried that paid up members of the Board be repaid per ratio for the unexpired term of the year, and that those in arrears pay up to the time of such refund. A committee was then formed for the purpose of making the rebate, and a Secretary was elected pro-tem with a view to a meeting being held on Friday night for the purpose of forming the new Board. A hearty vote of thanks was proposed by Mr. Windsor, and seconded by J. Anslow to Mr. Maddison for his past energetic services to the Board. As the Treasurer of the Board was not officially notified, he was not present at the meeting, therefore the accounts were not able to be gone into.

The Secretary of Bashaw and District and Buffalo Lake Board of Trade would now take this opportunity of extending his thanks to the President and acting officers and paid up members of the Board not only for their harmonious working with him, but also for their financial support in helping to make and set an example for the advancing of the community's interest.

Bashaw, Jan. 26th.

Guaranteed Relief From All Bowel Ills

If your bowels are out of order, instead of using some harsh salt or other physic, take a Rexall Ointment. It is so easy to use and so effective that it follows the taking of salt and most pills. They soothe and strengthen the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel remedy anywhere near as good and at the same time so easy and pleasant to take as Rexall Ointment. We know you will agree with us and believe we will give back your money without a word or question. You have no reason to hesitate when we give you the opportunity, as we hereby do, to try them at our risk. In your pocket tin boxes: 10c, 25c, 50c. You can buy Rexall Ointment only at The Rexall Stores, and in the town only of us—Suggett Bros., Mirror, Alta.

Remedy
At Our Risk

YOU know that that means—Misery—Worry—Big Bills—Debts! You know you can't afford to get sick. Keeping in good health means food and clothing for you and your family. It's up to you to take care of yourself. It's up to you, whenever you don't feel right, to take something to make you right, to strengthen you, build you up, ward off worse sickness, protect you and your family! That thing we have, and in offering it to you we protect you against all risk, by personally promising you that if it doesn't protect you against sickness, we'll give you back your money without a word or question. It is—

Rexall Olive Oil Emulsion

It Is the Best Remedy

When you are run-down, no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness, and builds you up to a healthy, normal condition.

It is a real nerve-food tonic, a real builder of healthy nerves, rich blood, strong muscles, good digestion.

It contains the Hypophosphites, to tone the nerve and give energy, and pure Olive Oil, to nourish the nerves, the blood, the entire system, and give vitality, strength and health.

It is pleasant to take, the creamy flavor of the Olive Oil having been removed.

For you who are tired out, nervous, run-down, debilitated, weak, emaciated—for nervousness—old people—for

little children—we recommend Rexall Olive Oil Emulsion as the best medicine we know of to make and keep you well and strong.

We Make Our Living

out of the drug business right here in your town. It is our duty to give you the best remedy we can for whatever ailment you may have, and business sense demands that we recommend nothing unless we know it's good.

We know Rexall Olive Oil Emulsion is good. We believe it is the best builder of health, energy and strength there is made. We know it is best helping many of your neighbors. We believe that it will make you well and strong again, and save you money and worry in the end.

We feel it is good business for us to recommend Rexall Olive Oil Emulsion and get you to use it, because we know you'll thank us afterward for making our confidence in it so plain that you didn't hesitate to take us at our word. We also feel sure that once you have used it, you'll be as enthusiastic about it as we are and will recommend it to your friends. Read our money-back guarantee and get a bottle today.

We Guarantee This Remedy to Relieve and Satisfy You—or Your Money Back

We don't want your money unless Rexall Olive Oil Emulsion really helps and satisfies you. If it doesn't, come back and tell us, and we'll give back your money. We believe it will protect your health—if it doesn't, the money is yours, and we want you to have it.

A Welcome Visitor To Our Sanctum

How dear to our hearts is the steady subscriber Who pays in advance at the birth of each year, Who lays down the money and does it quite gladly, And casts round the office a halo of cheer, He never says, "Stop it; I can not afford it, I'm getting more papers now than I can read," But always says, "Send it, our People all like it, In fact we all think it a help and a need," How welcome his check when it reaches our sanctum, How it makes our pulses throb; How it makes our heart dance! We outwardly thank him, We inwardly bless him, The steady subscriber who pays in advance.

S. BUFFALO LAKE

J. W. Brown recently drove a flock of 400 sheep, and feeding same on the farm of W. W. Brown, his brother. J. W. purchased a large stock of hay last week from E. H. Fell. Quite a number of our farmers went to the Kirkman sale in the town of Nevis on the 31st inst. Though there was a good crowd in attendance the bidding was very slow. Some stock sold on cash basis went very reasonable, there being a marked difference in the prices bid when one bunch was sold on terms. E. H. Fell and crusher moved out to Mr. John's farm; he has considerable work ahead of him. Mr. Baker paid our neighborhood a short visit on the 31st inst., to inform his supporters of the progress made in trying to straighten out our election scandal. We are informed that the case has now gone before the County Court at Red Deer, so we shall soon know the "verdict."

Resolution of Respect And Condolence

Resolution of respect from the Mirror Ladies' Aid of the Methodist church: Whereas, in His wisdom it has pleased our Divine Master to call our beloved member, Mrs. Clyde R. Brewster from our midst, and Whereas, we bow humbly to His decree, knowing that He doeth all things well, therefore be it Resolved, that by her decease the Ladies' Aid loses one of its most valuable members, and one who will be ever missed in our society. Her family loss is a great one, and a loving and devoted mother, and the community one of its most valuable citizens, also Resolved, that in her industrious, upright and pure life we find a fitting example in preparing for the great harvest into which we, ourselves, shall soon be gathered, and be it Resolved, that we extend our sincere sympathy to the bereaved mother, husband and children, and that a copy of these resolutions be furnished them, another be spread upon our minutes, and a third be furnished the papers for publication. Mrs. A. J. RAY, Secretary.

The prolonged cold snap has been the cause of a huge increase on the coal piles, and the weather man appears to give little sign of letting up. It's an ill wind that doesn't blow some body some good, and the coal dealers are surely on the right side of the fence these days.

The Board of Trade met last Tuesday and talked over several problems dealing with the village. W. W. McKirdy was made a member.

A number of residents of London, Ingersoll, and other Ontario towns, have taken action in the courts to recover money paid for Regina lots situated 85 miles from the city hall.

Contributions to charity in the United States last year amounted to \$169,000,000.

A government report shows that there were 94 deaths from starvation in England in 1912.

Six hundred divorcees were granted in Milwaukee last year disrupting the homes of 1,800 children.

When Jenkins finally managed to wake up, he found his wife weeping uncontrollably. "My darling!" he exclaimed, "What in the world is the matter?" "Oh, I've had such a dream," she said. Jenkins begged her to tell it to him, and finally she consented to say this much: "I thought I was walking down the street and came to a shop where it said 'husbands for sale.' You could get beautiful ones for \$5,000, and very nice looking one for even as little as \$500." "And were there any that looked like me?" asked Jenkins, not altogether ingenuously. The saleswoman became suddenly violent. "Dozens of them!" gasped Mrs. Jenkins. "Done up in bunches like asparagus, and marked 25c a bunch."

Silence Is Golden--

--Sometimes

Editing a newspaper on some respects is a good deal like preaching. The gospel truth must be presented in the form of generalities or some fellow will get bit and howl, says a recent writer. Few persons like truth, even in homeopathic doses, if it hits them. But while preachers and editors are criticised for what they say, no one thinks of giving them credit for what they do not say. Yet what they keep to themselves constitutes the major portion of what they know about people. Very many people harbor and believe that newspapers are eager to publish derogatory things. It's a mistake. There isn't a newspaper that could not spring a sensation in the community at any time by merely telling what it knows. There is not a newspaper that does not keep under the lock of secrecy scores of derogatory things which never meet the public eye or reach the public ear. Deciding what not to print is the most troublesome part of newspaper work. How many good stories are suppressed for innocent relatives and for the public good nobody outside a newspaper office has any idea of. In some instances he who flies into a passion because a newspaper prints something about him which he considers uncomplimentary has every reason to feel profoundly grateful to the newspaper for publishing so little of what it knows of him. And often times the loudest bluffer is the most vulnerable to attack. A big noise is often a device employed to cover trepidation. Newspapers put up with more bluffing than any other agency would endure. It is not because they lack courage; it is because they are unwilling to use their power to destroy or ruin unless the interests of society imperatively demand it. It might be well for some people to reflect upon these truths and in silent gratitude accept mild admonition lest worst befall them.
